## Hands On Learning - Kitchen Garden

Excitingly, the Kitchen Garden Program is back up and running at Lockwood South! However, due to the program not running
 for several years, our gardening supplies are depleted.

If you, or someone you know is able to donate items such as small gardening tools (see photo below), straw, horse/chicken manure, watering cans, gardening gloves,
 larger pre-loved gardening tools such as shovels, wheelbarrows, garden forks, in good working order, please contact Mrs A
on sally.anderson@education.vic.gov.au
If you have a spare few hours and would like to donate some of your time to support this program, we'd also love to hear from you.

Thanks
Mrs A and Miss Coffey

## Classroom News

## Hakea News

Over the term, the Hakea children have been learning to sew. We started sewing a running stitch through cardboard and have now progressed to sewing our name on hessian. It has been a wonderful experience for
 the children, watching them persist when things haven't quite turned out like it should, helping their peers measure wool, thread a needle or 'untangle a mess!'. These skills have also help instil our value of team work with-
 in our classroom. Over the coming week and next term the children will add a simple picture under their name.

## Wattles-Maths

More fun "hands on learning" happening with the Uno cards in the Wattles this week as we continue to hone our skills with "Friends of Ten" \& "Doubles". We've learnt versions of Go Fish, Memory \& Snap. If you have Uno cards, we encourage you to use them to support your child's learning.

## PE with Ms Coffey

A fun morning rotating through 6 PE stations;
 tennis, "knock 'em down", goal kicking, Cornwall, "smash the window" \& "catch n' throw". Thanks to the Grade 6 Leaders who ably assisted their groups at each station.

Well done also to Allyrah \& Hazel, who were the recipient of today's PE prize, a North Melbourne item.

## Melaleucas

In the last few weeks, the Melaleucas

have been looking at different animals and the adaptations they have to survive in their environments. The $5 / 6 \mathrm{~s}$ were then required to design and create their own animal to be able to live in any environment.

Headphones and mice:
Thankyou to all who have already brought in these items, there are a few students who if haven't yet done so. Grades P-6 use our technology regularly and require sound for a lot of their tasks. Many of our students already have these at school from the previous year but if they do not, can families please send some in ASAP.

Who's ready to have the MOST FUN EVER?? On 27/O3/2024 our school will be holding a Food Fight!!
