## Attitudes to school Survey

We value student voice as a means to improving student engagement, wellbeing and quality instruction and are conducting a survey to find out what your child thinks of their school. The AtoSS is an annual student survey offered by the Department of Education to assist schools to gain an understanding of students' perceptions and experience of school. Students from grade 4-6 will be asked about their thoughts and feelings in relation to their school, their learning, peer relationships, resilience, bullying, health and wellbeing, physical activity, and life in general.

This year, the AtoSS will be conducted at school from the 21st of May to the 9th of June. Information has been sent out to grade 4-6 families. If you do not want your child to participate please either speak to Adam or email me at-  
locwood.south.ps@education.vic.gov.au.
